➤ **What's New**

• **Seerthirutha Siragugal**

The core objective of this Department is Reformation Rehabilitation and Reassimilation of the prisoners into the society. To achieve this aim, this Department has implemented a lot of reformation programmes in prisons all over Tamil Nadu. Education, skill training, industrial training, Yoga, meditation etc., are a few to mention. However, most of these programmes mainly concentrate on convict prisoners whose population is nearly 30% of the total prison population. It is therefore necessary to implement correctional programmes to all types of prisoners including remand, under trial and detenues who constitute the remaining 70% of prisons population. Hence, the Government of Tamil Nadu has announced a scheme called "Seerthirutha Siragugal" to convert the prisons as reform Centres with a holistic approach.

It is well known that alcohol and drug addiction is the driving force of crime indulgence. Hence, it is proposed to establish an exclusive De-addiction Centres in all the 9 Central Prisons and 5 Special Prison for Women for the treatment of the prisoners addicted to drugs and alcohol.

It is proposed to incur an expenditure of Rs.93,72,000/- (Recurring Expenditure) towards purchase of medicines and payment of honorarium to the Project Coordinator-cum-vocational counselor and Psychiatrist/ Therapist for De-addiction Centres for the financial year 2023-24.

Library

In every Central Prison a library is available where prisoners are allowed to read books, newspapers and magazines. Prison Libraries play an important role in educating the prisoners, make them cultured, reduce recidivism, and in still good thoughts, imbibe values and improve family bonds through reading. Government desires to reform

the prisoners through education and believes that improving the infrastructure and ambience of prison libraries will bring change in the attitude among prisoners and in pursuit of this objective, for the first time, the Department had participated in the Book Fairs conducted across the State where more than 75,000 books were collected as donation from various quarters. Hon'ble Minister for Law courts and Prisons has announced in the legislative assembly on 10.04.2023 that library facilities in all Central Prisons, SPW's and District Jails and Borstal School, Pudukottai would be upgraded. Accordingly, infrastructure facilities will be improved in the Prison libraries at the cost of Rs. 208.74 lakhs.

CHANGE OF DIET OF PRISONERS

Government have issued orders in G.O. Ms. No.468, Home, (Pri-III) Department, Dated:23.11.2020 for constitution of an Expert Committee to improve the scale and pattern of Diet of Prisoners. In this regard, a sub-committee of prison officials was constituted for evaluation of pattern of Diet of Prisoners. The sub-committee has submitted its report to Expert Committee. The meeting of Expert Committee members was held on 20.01.2022 in Prison Headquarters with concerned officers' and Nutrition of Government Hospital. The pattern of diet of prisoners was modified based on the recommendation of Expert Committee with effect from 05.06.2023 with an additional expenditure of Rs.26.00 crore per annum as per G.O.(Ms)No.261, Home (Prison-III) Department Dated:02.06.2023.

Industrial Laundry Machines

Prisoners wash their own clothes they wear regularly. But the bed linen and blankets are not washed by them due to difficulty in washing heavy clothes and drying. This non washing of bed linen and blankets resulted in un-hygienic conditions of bed sheets and Linen clothes. Hence, in order to maintain hygienic conditions in prisons and washing the

Prisoner's bed sheets and linen easily, it is felt necessary to provide Laundry Machines in 9 Central Prisons, 5 Special Prisons for Women and District Jail & Borstal School, Pudukottai to enable the prisoners to wash their blankets and bed linen regularly.

A sum of Rs.60.00 lakh has been sanctioned for purchase of 15 Numbers of Industrial Heavy Duty Laundry Machines for all Central Prisons, Special Prisons for Women and District Jail and Borstal School, Pudukkottai in G.O. (Ms) No.504, Home (Prison-IV) Department, dated 18.11.2021. Industrial Laundry Machines were installed in Prisons and functioning.

Prison Industries

The incarceration of a person in prison not only leads to his loss of reputation among the public but also causes social disorientation, because of lack of social interaction with the rest of the society. One of the prime negative consequence of the incarceration is loss of job if employed and loss of means of livelihood. Hence, the most important single factor, which can facilitate his reintegration with the society and prevent his relapse into crime after release is his economic rehabilitation.

About 40% of the prisoners confined in various prisons in Tamil Nadu are convicted prisoners. Tamil Nadu Department of Prisons and Correctional Services is initiating various steps to reform these prisoners by means of correctional administration through imparting life-coping skills, enabling them for better employability on release and deterring them from reverting to crimes. In order to mend their minds and to inculcate work habit in them during their confinement in prisons and to impart training to them to learn new skills, the following industries are established in prisons and prisoners are engaged in prison industries in manufacturing the various types of articles. Become Reformation Partner

Are you carrying on some business in or around Chennai for which you need workers? If yes, you could perhaps become our Prisoner-Reformation Partner.

The best incentive a prison-inmate could get is a means of earning his or her livelihood. Such employment not only makes the released prisoner gainfully employed but would also help to change his / her self-image as well his / her image in society.

However, the Prison Bazaar will be mostly restricted to the convicts, because it would require relative stability and time-perspective. Therefore, in all likelihood, it will operate only with the convicts in Puzhal-1 Prison.

What about the Remand Prisoners in Puzhal-2 Prison who might remain in prison for a period of a few days to a few months?

If these Remand Prisoners are to go and settle down as responsible citizens, they must be taught some trade during their short period of stay in the prison and must then get employment on their release on bail.

It is with this view that we would like to try a new model in Puzhal-2 prison which could then be extended to other prisons.

➤ **Special Diet**

➤ **Re-integration**

- You can discuss with me the type of work for which you need workers and the area of Chennai where this work will be available.
- We will identify Remand Prisoners who reside in that area and show keenness to work in your factory / other establishment.
- We will together decide on the total period of time for which training may have to be given and will provide you facilities to conduct such training within the prison premises.
- As a part of this training, personally work on the mind of the Remand Prisoner, using meditation and psychological techniques, to take away any possible negative thinking patterns in his / her

mind and will create in him / her a strong motivational structure to work with a positive mind.

- By the time the Remand Prisoner is released, he / she will be fully prepared mentally and skill-wise for doing the work for which he / she was chosen.
- Immediately on release on bail, you can employ him / her.
- For a few months, the Remand Prisoner will be called every Sunday to participate in the meditation session in Puzhal premises to ensure that the outside world does not wash off the effects of the meditation and psychological change.
